- ⑤ Switch °F/°C
Press switch button 3 times , temperature display to convert from Fahrenheit (°F) to Celsius (°C)

The color of the Temperature Indicator light underneath the power button signifies the temperature at which housed dried herbs will vaporize:

YOU MAY USE ISOPROPYL ALCOHOL AND COTTON SWABS TO CLEAN EXTERIOR PARTS

NOTICE :

- DO NOT : OVER PACK ATOMIZER , REDUCES AIR FLOW AND MAY DAMAGE THE DEVICE**
- DO NOT : CHARGE NEAR A HEATING SOURCE**
- DO NOT : USE WITH HIGH VOLTAGE BATTERIES, MAY CAUSE CERAMIC RING TO BURN OUT FASTER AND DAMAGE TO THE ATOMIZER**
- DO NOT : MODIFY THE UNIT IN ANYWAY**
- DO NOT : TOUCH THE CHAMBER WHEN THE CHAMBER IS HOT**
- DO NOT : LEAVE IN YOUR CAR**

CLEANING :

To clean the Herbal Vaporizer ,first make sure the device is powered off and wait until heating chamber has cooled off. Use the Cleaning Brush included to sweep out any remaining material from inside the heating chamber. Do not use water or any cleaning solutions on any part of the Herbal Vaporizer. Detach Mouthpiece from the device to clean with rubbing alcohol. Unscrew the Filter from Mouthpiece and clean(or replace) the Filter Screen as needed.
